

Quinovic acid 3-O-(6-deoxy-beta-D-glucopyranoside)

28-O-beta-D-glucopyranosyl ester Datasheet

5<sup>th</sup> Edition (Revised in January, 2017)

**[ Product Information ]**

**Name:** Quinovic acid 3-O-(6-deoxy-beta-D-glucopyranoside) 28-O-beta-D-glucopyranosyl ester

**Catalog No.:** CFN99361

**Cas No.:** 124727-10-2

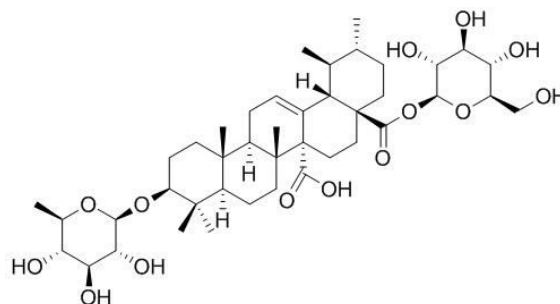

**Purity:** > 95%

**M.F:** C<sub>42</sub>H<sub>66</sub>O<sub>14</sub>

**M.W:** 795.0

**Physical Description:** White powder

**Synonyms:** Quinovic acid 3-O-(6-deoxyglucoside) 28-O-glucosyl ester.

**[ Intended Use ]**

1. Reference standards;
2. Pharmacological research;
3. Synthetic precursor compounds;
4. Intermediates & Fine Chemicals;
5. Others.

**[ Source ]**

The vines of *Uncaria tomentosa*.

## **[ Biological Activity or Inhibitors ]**

Not data available.

## **[ Solvent ]**

Pyridine, Methanol, Ethanol, etc.

## **[ HPLC Method ]**

Not data available.

## **[ Storage ]**

2-8°C, Protected from air and light, refrigerate or freeze.

## **[ References ]**

Not data available.

## **[ Contact ]**

**Address:**

S5-3 Building, No. 111, Dongfeng Rd.,  
Wuhan Economic and Technological Development Zone,  
Wuhan, Hubei 430056,  
China
